## EDUCATION

### VIT Bhopal University

B.Tech in Computer Science and Engineering, CGPA: 8.15

Bhopal, Madhya Pradesh, India

Expected May 2027

## TECHNICAL SKILLS

**Languages:** Java, Python, JavaScript, SQL

**Backend:** Spring Boot, Hibernate/JPA, RESTful APIs, WebSockets, Node.js, React.js

**Databases:** PostgreSQL, MongoDB

**Testing & Tools:** JUnit, Mockito, Postman, Git, GitHub, Maven, GitHub Copilot, LLM prompting (Gemini API)

**Cloud & Deployment:** Vercel, Render, AWS

**Core CS:** Data Structures & Algorithms, OOP, Design Patterns

**Problem Solving:** 160+ DSA problems solved on LeetCode

## PROJECTS

**AgroMind: AI-Powered Smart Agriculture Platform** | *Spring Boot, React, PostgreSQL, WebSockets* Feb 2026  
[Code](#) | [Live](#)

- Architected a secure enterprise application featuring a real-time transactional bidding engine, delivering eCommerce exposure via WebSockets.
- Authored clean, maintainable code to integrate the Google Gemini API for predictive plant diagnostics, driving sustainable future agricultural practices and deploying via cloud platforms.

**VidyaDrishti: Rural Education Analytics Tool** | *Python, ML, Reactjs, NodeJs, Mongodb* Jan 2026  
[Code](#) | [Live](#)

- Engineered a data and analytics platform utilizing a custom 'Focus Score' algorithm to track and quantify user engagement, facilitating data-driven interventions and measurable impact.
- Maintained strict version control using Git and collaborated across the development lifecycle by performing peer code reviews and authoring technical documentation.

**Medicine Recommendation System** | *Python, Machine Learning, Scikit-learn* April 2025  
[Code](#)

- Designed a predictive analytics application utilizing Python and Scikit-learn to analyze disease outcomes from user-provided data and recommend tailored regimens.
- Debugged and optimized the Random Forest classification logic, significantly improving diagnostic accuracy and ensuring reliable data processing for end users.

## COMMUNITY ENGAGEMENT & LEADERSHIP

**NSS Volunteer, VIT Bhopal:** Demonstrated a strong extracurricular track record by coordinating the Mega Tree Plantation Drive, managing event logistics to successfully plant over 3,000+ saplings and driving tangible impact toward a sustainable future.

**Smart India Hackathon (SIH) Qualifier:** Selected among the top 75 teams in the University Internal Round out of numerous applicants to represent the institute at a national-level technical competition.

**Hackathon Participant:** Built functional software prototypes under strict deadlines for the Hack-n-Go MongoDB Hackathon and ShikshaLokam Hackathon.

## CERTIFICATIONS

**Oracle Cloud Infrastructure 2025** – Generative AI Professional Certification (Jul 2025)

**IBM** – Generative AI Fundamentals Professional Certification (Jun 2025)

**MPOnline Limited** – Advanced Software Engineering and Development Internship (May – Jul 2026)
